Internship and Certifications

Newton School | Newton School Coding Bootcamp   February 2022 - Present
- Full Stack Web Development and Problem-Solving
- Technical Stack Learnt: HTML, CSS, JavaScript, React
- Participated in various coding competitions held by Newton School
- Worked on various projects

Projects

TV Maze App | Newton School *(link)*   October 2022 - October 2022

TV Maze App
- This is a React Major Project Assignment that was given by Newton School.

Features:
- Show rating websites like IMDB
- The user can search the show by entering the Actor's name or by Show name to know the rating and more information related to the show., it and also a responsive site

Tech Stack Used:
- React, Bootstrap, CSS
- TV maze API used

Contribution:
- I made this project from scratch and also hardcoded the CSS part without using any external CSS framework.
- Also, it is a Responsive rating website with the help of API.

Expense tracker | Newton School *(link)*   October 2022 - October 2022

Feature:
- It is an App to record an expense for a day or a month.
- The App contains an input box of items and amounts.
- The user can keep a record of all the expenses.

Tech Stack Used:
- HTML, CSS, and React.

Contribution:
- In this project, I made a simple classic App with the help of React and CSS.

Music Player | Newton School *(link)*   October 2022 - October 2022

Feature:
- In this App, the user can handle play/pause/next/ previous features in set songs.
- They can play all the songs present in this list at any time.
- The user can also control audio duration with the help of seek bar.

Tech Stack Used:
- HTML, CSS, JavaScript, Font awesome.

Contribution:
- It's a basic Music player for entertainment purposes.
- All the basic functionality are made on the basis of requirement.

My Portfolio | Newton School *(link)*   September 2022 - September 2022

Feature:
- The basic feature of this project is to provide information about (Abhijeet Mishra) me.
- You can also check my LinkedIn, GitHub repos, etc... With just one click.

Tech Stack Used:
 HTML, CSS, JavaScript.

Contribution:
- This is a portfolio developed and deployed on GitHub by me.
- All the genuine information given by me is correct and perfect.

Skills

Computer languages	CSS, HTML, JavaScript
Software Packages	Node, React, Express, Bootstrap
Additional Courses Taken	Data Structure
Soft Skills	Teamwork, Creativity, Decision-making, Communication Skills
Others	Microsoft Office

Co-Curricular Activities

• Actively participated in various coding competitions hosted by Newton School.
• 6 months Bootcamp training of MERN developer in Newton School.
